RE: **PETITION NO. 841** – The Bridgeport Energy II, LLC petition for a declaratory ruling that no Certificate of Environmental Compatibility and Public Need is required for the proposed construction, operation and maintenance of a 350 MW Peaking Facility at the existing Bridgeport Energy Facility located at 10 Atlantic Street, Bridgeport, Connecticut.

The Connecticut Siting Council (Council) will hold a pre-hearing conference on procedural matters on Friday, February 15, 2008, in the Council's office, at Ten Franklin Square, New Britain, Connecticut, beginning at 10:00 a.m. All parties and intervenors are requested to attend. The purpose of this pre-hearing conference is to expedite the hearing procedure without sacrificing an informative record necessary for the Council to render a decision.

At the conference, parties and intervenors will be encouraged to discuss requirements for pre-filed testimony, exhibit lists, administrative notice lists, expected witness lists, and the filing of pre-hearing interrogatories. To save the time and expense of the public, the Council wishes to avoid direct testimony at the hearing.

Each party and intervenor is requested to provide all other parties and intervenors in attendance a list of witnesses and the subjects their pre-filed testimony will address, a list of documents to be administratively noticed, and copies of any available exhibits to be offered at the hearing. The pre-hearing conference will also address the grouping of parties and intervenors and the order of presentations at the hearing.

Very truly yours,

S. Derek Phelps
